Confidential Letter of Recommendation - Prof. Elena Smith, Ph.D.

Document Category: **Letter of Recommendation** | Candidate: **Alex Rivera**

To: Selection & Admissions Committee

From: Dr. Elena Smith, Associate Professor of Computer Science, UC Berkeley

Re: Academic & Research Recommendation for Alex Rivera

I am writing to express my strongest possible recommendation for Alex Rivera. Alex was one of the top students in my upper-division Machine Learning course (CS 189) and subsequently joined my research group at Berkeley AI Research.

Alex demonstrates exceptional problem-solving initiative, mathematical maturity, and collaborative leadership. They have demonstrated profound dedication to algorithmic ethics and accessible computing.

Alex represents the top 2% of undergraduate researchers I have mentored. I recommend them without reservation.
